Nebblis – Plane of Flame

This map pack can be played with either *Cartographers: A Roll Player Tale* or *Cartographers Heroes*.

COMPONENTS

- 75 Map Sheets (double sided)
- 3 Volcano Cards

CHANGES TO SETUP

Players collectively decide which side of the map sheet to use (N1 or N2). Shuffle the three volcano cards into the explore deck.

VOLCANO CARDS

When a volcano card is revealed, all players draw the indicated volcano shape. It must be placed adjacent to the volcano -OR- adjacent to a cluster of destroyed spaces that is adjacent to the volcano. Destroy all spaces in the new volcano shape.

Volcano spaces may overlap empty spaces and filled terrain spaces, but may not overlap mountain spaces, destroyed spaces, or the 2x2 volcano.

If a volcano card is revealed immediately after a ruins card, the volcano card is resolved normally. The effect of the ruins card will apply to the next explore card that is revealed.

DESTROYED SPACES

Some spaces on the map sheet may become destroyed by volcano shapes. When a space gets destroyed, draw an “X” over the space. Destroyed spaces are considered to be filled spaces, but they have no terrain type.
